## **DETAILED ACTION**

### ***Drawings***

Applicant's corrected drawings filed November 29, 2004 have been approved.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-4, 7 and 9 are rejected under 35 U.S.C. 102(a) as being anticipated by Ikegaya (6439663). Note the first housing (10), the second housing (60), locking means having a locking member (20), fastener (80), retainer portion (85), slide portion (82a), fixture portion (81, as shown in Figure 2), guide portion (82), slide portion height that is greater than the retainer portion (see Figure 1). Also note that apparent method of forming and assembling steps of claims 3 and 4, respectively, are not given patentable weight since the claims are article claims.

Claims 10-12 are rejected under 35 U.S.C. 102(a) as being anticipated by Ikegaya (6439663). Note the first housing (10), the second housing (60), locking means

having a locking member (20), fastener (80), retainer portion (85), slide portion (82a), fixture portion (81, as shown in Figure 2), and guide portion (82). Also note that apparent method of forming step of claim 12 is not given patentable weight since the claim is an article claim.

### ***Allowable Subject Matter***

Claims 5, 6 and 8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 13-15 are allowed.

### ***Response to Amendment/Argument***

Applicant's response has been fully considered. Remaining issues are described in the above sections. Newly discovered prior art has necessitated a new grounds of rejection.

### ***Conclusion***

This office action has not been made final since it includes a new grounds of rejection not necessitated by Applicant's amendment.
